

Isolated Ground Decorator Duplex Receptacle 15A 250VAC

Model No: 61550-IG

Description

Enerlites' Isolated Ground Receptacles contain two side barriers that cover the wire terminals for insulation and isolation function. Each decorator receptacle is equipped with break-off plaster ears and tabs to allow for easy alignment and 2-circuit conversion. All decorator receptacles are designed with thermoplastic construction and feature a shallow build for maximum wiring room.

Features

- High impact-resistant thermoplastic cover and body.
- Flammability UL94, V2 Rating.
- Push-in Rear and Side terminals for quick installation.
- 2-Pole, 3-Wire grounding.
- Unique screw terminal guard provide fast, easy insulation from conductive surfaces.
