APPLICATIONS

Mobern introduces an eye-catching high efficiency LED light fixture with high sound absorbing properties. It integrates lighting and acoustical solutions into one customizable product. Acoustical material helps create beautiful and highly functional acoustical baffle ceiling installation when combined with unlit baffles, or it can be used as a stand-alone acoustical fixture.

FEATURES & BENEFITS

- Available in several finishes
- Fella sound absorbing material
- Designed to optimize sound absorption
- Functions as a stand-alone fixture or as part of matching baffle system
- Consult for continuous runs
- L₇₀ > 50,000 hrs.
- Min CRI 80
- 5 year warranty
