

Medium and Large Outdoor Wall Packs

FEATURES & SPECIFICATIONS

INTENDED USE

The DC Series is an Indoor/Outdoor Bronze Wall Pack that is offered in multiple sizes and wattages. Used to replace 100W MH and 400W MH, the DC Series boasts a Lumen output of 4900-16400 with efficacy up to 115 Lumens per Watt. Our optional Photocell and Motion Sensor supports the Emergency Battery, ensuring illumination whenever you need it. This fixture is ideal for building entryways and walkways, security, pathway, and perimeter applications. UL/cUL wet location and DLC qualified.

OPTIONS AND ACCESSORIES

This luminaire has options that include a PIR Sensor, Emergency Battery, and Photocell. Contact factory for more details and customization.
