

3 Speed Fan Control Single Pole

Model No: 17000-F3

Description

The 17000-F3 Fan Control by Enerlites is designed to conveniently set the speed of a ceiling fan. The ceiling fan control provides convenient operation for fans with pull-chain controls. When installed, simply put your fan on the highest speed setting using the pull-chain control and then use the wall control to change the fan speeds and to turn it off.

Features

- Slider provides 3 speeds for fan, and switch turns fan onto preset level
- For use with designer style openings
- Provides 3 quiet fan speeds for comfort
- Easy installation and operation
- For use with indoor ceiling paddle fans only
