

Cat6 RJ45 Keystone Jack

Model No: 6104

Description

Enerlites Cat6 RJ45 Keystone Jacks can be used with 23 or 24 AWG solid cable into patch panels, wall plates, or surface mount boxes with standard keystone blanks. An easy snap-in retaining clip ensures a secure connection. The 110-type terminations are color-coded with both T568A and T568B wiring schemes. Dual IDC modules accommodate both 110 and Krone impact tools and include dust caps that assist with cable strain relief.

Features

- Heavy duty Cat6 RJ45 Keystone modular jack for patch panels, surface mount boxes, or wall plates with standard keystone ports
- Compatible with Enerlites 1 to 6 Port inserts or Low-Profile Wall Plates
