

### Single-Gang Multimedia Bristled Pass-Through Decorative Adapter

Model No.: 8891

**Description:** The 8891 is a device designed to pass low voltage cables through a wall. The low voltage cables pass through a soft bristled material that keeps the cables in place and only exposes a small amount of each cable. This device comes in a standard single gang size and can help maintain organized and professional looking media applications.

#### Specifications:

- Outer Dimensions: 4.50" Height x 2.75" Width x .37" Depth
- Inner Dimensions (bristled part): 2.1" Height x .85" Width x .37" Depth
- Standard single gang wall plate size
