975516, 975519	5-1/2" Dia. (140mm)
975517	5-3/4" Dia. (140mm)
975518	5-1/4" (130.5mm)
975509	4-1/4" (108mm)
Warranty.....	2 Years

Components Overview

FB-02 Metal Box

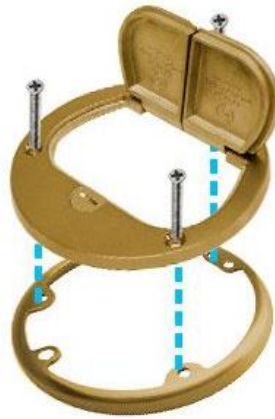

Complete Kit Assembly

Flush Mounting Flange

The Enerlites 975518-C allows the 975503-C cover to be mounted into a recessed flange for flush installation with carpeting and hardwood floor applications. The 975503-C is also compatible with the nickel plated brass option: 975518-S.

Junction Box Adapter Ring

The Enerlites 975509-C adapter ring allows the 975503-C to be mounted on a junction box that does not support the screw configuration of the 975503-C cover. The cover is also compatible with the nickel plated brass option: 975509-S.

Junction Box Compatibility

The 975503-C cover plate can be mounted onto junction boxes with 4" round diameter openings and similar screw configuration. For other junction boxes use the 975509-C adapter ring to match screw configuration onto the junction box.
