

#### Works behind the scenes

Small but powerful design allows installation within junction box and converts your regular switches into Z-Wave Smart switches.

## Wireless Home Automation Control Smart Single Relay Switch Module

### Model No. WFRSM1

#### Description

The WFRSM1 utilizes WIFI technology to provide full control of the connected device from Enerwave Smart Phone App. It is fully compatible with other Enerwave devices and can be added to customizable scene. Installing a smart WIFI relay in conjunction with a standard switch is a simple way to modernize your home by adding programmable lighting control to your smart device.

#### Features

- Work with existing light switches, required neutral wire.
- Slim size module with build in WIFI 2.4Ghz technology.
- Remote ON/OFF control and/or manual wall switch of any connected lighting fixture.
- Enhance the value and technology of your home.

### Specifications

Color	Black
Voltage	120-277 VAC, 50/60Hz
Max Load	10 Amp
Signal Frequency	802.11abg @ 2.4Ghz
Size	1.63" x1.64" x0.72"
Range	Up to 100 feet in open-air and line of sight distance, depending on obstacles and blocks
Operating Temperature	32°F – 104°F (0°C -40 °C), Indoor Use
Warranty	2 Years

### Standards & Compliance

FCC Part 15, Class B
