

Premium High Bay, Multi-Volt

Specifications

- Improved light output and greater color rendition than HID
 - Shallow dimensions allow for fixture mounting close to the ceiling minimizing damage and offering the best space utilization
 - Available in 48 inches - (4' length)
 - Standard MIRO 4 reflector provides 94% reflectivity
- Applications Modern technology and design produced the premium highbay which is excellent for areas requiring high levels of illumination. This energy efficient substitute for HID is ideal for retail, warehouse, commercial and manufacturing areas.
