**Gooseneck
Series**

The GN series Gooseneck decorative arms provide a classic design appearance for wall mounted adjustable luminaires. The series offers 5 different arm designs with two wall plates. All aluminum heavy duty construction is made specifically for durability for retail centers, universities, restaurants, service stations, and facilities needing architectural styled accent lighting. Multiple fixture series are available for integration with the arm designs, and include all required interface hardware by ordering them with the "GN" mounting option.
