APPLICATIONS

The LHBIP LED is a high efficiency I-Beam style high bay fixture engineered for high performance. A precision-formed silver reflector is designed to achieve maximum light output for ceilings from 15 feet to 40 feet. Based on ceiling height, these fixtures can replace a fluorescent or traditional HID high bay while using up to 50% less energy. Surface or chain mounting systems are available. The fixture is ideally suited for warehouses, manufacturing plants, sports facilities, and retail spaces.

Housing is 22 gauge prepainted steel. Air vents surround the drivers in the back of the fixture to maximize LED and driver performance, reliability and life. Highly efficient reflectors are computer designed to maximize photometric performance and put the light where you need it. Back access plate allows for fast and hassle-free wiring. Back of fixture is designed with built-in mounting holes for tong hangers, cable kit, or surface mounting (with additional brackets). Chain kit included. 5 year limited system warranty. ETL Listed.

Designed for surface or chain hanging. Mounting holes are provided for simple fast installation. Chain kit included.

FEATURES & BENEFITS

- 22 Gauge White Steel Vented Housing
- Chain kit included
- Environmentally Friendly - Mercury Free
- Rated at 50,000 hrs of L₇₀ Life
- RoHS Compliant
- 5 Year Limited Warranty
- High Power Factor
- L₇₀>50,000 hrs; L₉₀>36,000 hrs
- cETL_{us} Listed
